

Frontier Central School District

Summer School Program (MS & HS)

926-1700 Ext. 2406

High School summer school will begin on **July 6th, 2023** (see full schedule below).
Middle School summer school will go from **July 10th through August 10th** (Mon - Thurs.)
Students may either remediate work from the past year or accelerate course work for the coming semester. Students need to understand that during this time you must apply yourself to the curriculum in order to be successful. One day in Summer School is equal to nearly two weeks of instruction during the traditional school year.

Student attendance will once again be a focus of our program. Students will be held accountable for attendance and failure to comply with attendance policies (no more than 2 absences) will result in the student becoming ineligible for course credit or the final exam.

HIGH SCHOOL SUMMER DATES

July 6 th	July 10 th - 13 th
July 17 th - 20 th	July 24 th - 27 th
