Attention all FMS students, as uncle Ben from Spider Man had similarly stated...with great technology comes great responsibility. Please make sure that you are taking care of your chromebook. These devices should not be brought to lunch or into the gym unless you have a note for a specific reason. Please do not throw your devices on tables, the ground, and certainly do not write on them or intentionally damage the keys. Chromebooks should not be carried around open and certainly should not be used while eating or drinking. Please know that if you damage your assigned electronic device by being careless or intentionally destroying it, your family will need to pay for a new one and you will be referred to the main office for disciplinary action. Please take care of the nice things that we are very fortunate to have.
