Dear Current & Future Middle School Families:

At Frontier Middle School we truly value the strong partnership our school has with our middle school families. One glance in the auditorium on a concert or musical evening, a look at our fields on game day, or the sight of our parking lot during open house will verify the level of commitment by our students, parents, and school community to the well-rounded learning of our students.

The intent of this letter is to invite you to tell us more about your children and to remind you that parent requests for specific teachers are not accepted. Each year we receive hundreds of requests for individual and teams of teachers, specific homerooms, and students to be placed with their peers. Navigating this process is a difficult one that compromises the integrity of our placement procedures and authentic class make up.

For the 2022-2023 school year and beyond, student placement procedures will follow the language of the "Student Evaluation, Promotion and Placement" policy as adopted by the Frontier Central School District Board of Education. Within that policy, "parents or persons in parental relation to District students may submit written requests for teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored."

Please understand that your input as a parent is still valued and desired. We know how to educate children, but we will never know your children as well as you do. If you feel there is something we should consider when placing your child for next year, please notify me in writing by Monday, May 2, 2022 and we will work to utilize that information in our planning. Thank you for your continued involvement in Frontier Middle School. If you have any questions I may be reached at 926-1730 ext. 3400 or through email at rsikorski@frontiercsd.org.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Sikorski".

Ryan Sikorski
Frontier Middle School Principal
