

JANET MACGREGOR PLARR

Candidate Profile

Troubling times need the calm waters of experienced leadership. I'm a 1982 graduate and lifelong resident of the Frontier Central School District. My husband Spencer (Frontier 1979) and I are the proud parents of Spencer (Frontier 2007) and MacGregor (Frontier 2010).

I've been a member of the Erie 1 BOCES Board of Education for 21 years and previously served on the Frontier Board of Education for 25 years. Employed by the Village of Blasdell as Administrator Clerk Treasurer I understand public finance, tax rates and State Aid formulas better than most.

We're living in times that most have never experienced. Quarantined and trying to balance work, households and homeschooling children. The face of education changed overnight and the district must prepare for next steps.

Questions for consideration:

When will classroom instruction restart?

How will social distancing apply on the bus, cafeteria, classrooms?

How will changes affect students, parents and taxpayers?

As an experienced leader who knows her way around Albany, I'm prepared to implement creative solutions to new world problems.

All children deserve equal opportunity for educational excellence. I possess the ability and desire to help make that happen. I'm humbled by parents and taxpayers encouraging me to run again.
