Dear Frontier Community:

Frontier Central School District is deeply saddened by the senseless act of violence at Tops Markets in Buffalo. We stand united with our Western New York community members and neighboring educational institutions against racism, hatred and violence. Frontier CSD cannot assuage the loss of the families affected, we can however continue to teach tolerance, acceptance and equality for all. Our thoughts and prayers are with the families affected.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Swiatek".
