Superintendent of Schools

*Linda M. Leising
District Clerk*

November 1, 2020

Dear High School Parents and Staff,

We have received information regarding a number of confirmed cases of COVID-19 in the District. Four of the positive cases are teachers at the High School with an additional positive teacher at the Middle School. Due to these numbers and the additional High School teachers/staff that will have to quarantine, Frontier High School will move to fully virtual learning for the next two weeks. Virtual learning will be in place at least through November 13th. The High School will follow the current bell schedule with all classes being virtual. Students are to log in from home to complete learning and related work. All BOCES students are to still report for their off campus programs. The individual who tested positive at the Middle School did not have any direct contact with students. Please be aware that we cannot release the names or any other personally identifiable information regarding these individuals.

The Erie County Department of Health (ECDOH) continues to conduct contact tracing and reaching out to anyone who may have had close contact with the individual who tested positive. All individuals contacted are expected to comply with all instructions given by the ECDOH, including any requirement to quarantine for a designated period of time.

The District has infectious disease health and safety protocols in place to minimize the spread of the virus and other illnesses. To that end, our comprehensive reopening plan remains available to view on our website, www.frontiercsd.org. Please refer to the Plan for more detailed information relative to the contact tracing process and health and safety protocols, including cleaning and disinfection.

All students, parents, guardians, and staff should continue to monitor their health for symptoms of COVID-19 and follow the Temperature and Daily Self Screening Protocol. If you or a family member begins experiencing COVID-19 like symptoms please contact your healthcare provider.

We will work with any affected families to support them throughout this process. If you have any questions or concerns, please contact your child's building administrator.

Sincerely,

Richard J. Hughes, Ed.D.
Superintendent of Schools
