

**After consultation with our School Resource Officers, school representatives and school administration, the Parent Drug and Alcohol Forum will be evaluated as follows moving forward for the 2022-2023 school year:**

- All previous attendance at a forum will be honored for current High School students only, even if your student was a middle school student at the time of your attendance.
- If you have never attended a forum, and you have a High School or Middle School age student, we are asking you to attend a forum this year. Dates for the forum are posted on the High School calendar.
- Parents of all students are strongly encouraged to attend the forums offered this year, as current trends have significantly changed.
