October 5, 2020

Dear Frontier Parents and Staff,

We have received information regarding three confirmed cases of COVID-19 in the District. The first individual who tested positive on 10/2/20 was in the Blasdell Elementary Head Start program on 9/25/20. The second individual came to the Middle School on 9/30/20. The student was immediately placed into isolation before they could enter the building. The last individual who tested positive on 10/2/20 was a staff member. This staff member was last in work at the High School and Frontier Educational Center on 9/29/20. None of the positive individuals were in contact with students. Please be aware that we cannot release the name or any other personally identifiable information regarding this individual.

The Erie County Department of Health (ECDOH) will be conducting contact tracing and reaching out to anyone who may have had close contact with the individuals who tested positive. All individuals contacted are expected to comply with all instructions given by the ECDOH, including any requirement to quarantine for a designated period of time.

The District has infectious disease health and safety protocols in place to minimize the spread of the virus and other illnesses. To that end, our comprehensive reopening plan remains available to view on our official website, [www.frontiercsd.org](http://www.frontiercsd.org). Please refer to the Plan for more detailed information relative to the contact tracing process and health and safety protocols, including cleaning and disinfection.

All students, parents, guardians, and staff should continue to monitor their health for symptoms of COVID-19. If you or a family member begins experiencing COVID-19 like symptoms, please contact your healthcare provider.

We will work with any affected families to support them throughout this process. If you have any questions or concerns, please contact your child's building administrator.

Sincerely,

A handwritten signature in blue ink that reads "Richard J. Hughes".
