Greetings from the Transportation Department.

We are pleased to announce that the district will be using a brand-new bus tracker app for the start of the new school year.

It's called My Ride K-12 and it's currently live now.
The new App looks like this:

We invite you to download the new App and test it out for the remainder of this school year. Please note that only 1 parent can initially sign up for the App and when the registration is completed, that same parent can share the family invite with anyone they wish. This process will be explained later in the step-by-step instructions.

We are still using the old app until June 30 but for the new school year 2025-26 the “My Ride K-12” App will be the only bus tracker app that the district will be using.

Thank you

Transportation Department.
